

Intelligent • Efficient • Convenient

About us

Solas Automation Ltd. is an ISO 9001:2015 CERTIFIED British company based in Essex, UK with operations in India and the United Kingdom.

Our Purpose is to provide complete Lighting Management Systems, Automation and Integrated Solutions with a focus on Energy Efficiency, Safety and Convenience.

Our personnel have huge experience on a wide range of projects. From simple home automation to complete solutions on some the world's most grand projects, our people have supplied and managed lighting solutions for the grand luxury hotel, Burj Al Arab, the famous Palm Atlantis Hotel and the Yas Viceroy Hotel in Abu Dhabi.

With many years of experience in the lighting, control & automation industry and our partnerships with leading components manufacturers and service provider from across the world, we are able to supply a range of products for various applications.

We are empaneled with Public Works Department (PWD) and authorised to supply our LED lights, fixtures and automation system across India.

Omni LED Bulb

Aesthetically designed spherical LED bulb for B22 lamp base

Angle	Ra	IP
180°	>80	20

Input Voltage: AC220-240V, 50
Voltage operating range: 100 – 320V

• P.F > 0.89

• High Surge Protection: 2.5KV

• LED Life: 50,000 BH

• Optics: Polycarbonate diffuser

T8 Retrofit LED Tube Light

LED Tube with extruded aluminum housing and energy efficient electronic driver.

Angle	Ra	IP
270°	80	20

- Extruded Aluminum housing with highly efficient PC Opal diffuser
- Mid Power SMD LEDs mounted on MCPCB
- 50% energy saving Vis a Vis standard 2ft & 4ft T8 or, T12 FTL
- Over current, over voltage, reverse polarity & short circuit protection
- Built-in constant current driver with 2.5KV Surge Protection
- Driver efficiency > 85%, full load THDi < 15%
- Operating voltage range 100 277 Vac
- Working ambient temperature -10°C~+45°C
- Average Light Source Life (L70B50) 50,000Hrs
- High intensity of illumination with view angle 120°
- Instant start, flicker free operation
- · Environment friendly, without mercury
- No harmful UV & IR radiation

Mounting:

Retrofit solution to standard G13 medium bi-pin base 2 ft. & 4 ft. T8 or T12 tube.

LED Batten Light

Ultra slim polycarbonate decorative LED batten with in-built heatsink, anti-glare polycarbonate diffuser and energy efficient electronic driver

Angle	Ra	IP
120 °	>80	20

- Mid Power SMD LEDs mounted on MCPCB
- 40% energy saving Vis a Vis Conventional T5 FTL Luminaire
- Over current, over voltage & short circuit protection
- Integrated constant current driver with 2.5KV Surge Protection
- Driver efficiency > 85%, full load THDi < 15%
- Operating voltage range 100 277Vac
- Working ambient temperature -10°C~+45°C
- Average Light Source Life (L70B50) 35,000Hrs
- All Dimensions in "mm±5%"
- High intensity of illumination with view angle 120°
- · Instant start, flicker free operation
- · Environment friendly, without mercury
- No harmful UV & IR radiation

Surface Down Light (Round)

Surface mounting circular LED Down Light luminaire with die-cast aluminium housing in white powder coating finish, anti-glare diffuser and energy efficient electronic driver.

Angle	Ra	IP
110°	80	20

- Die cast Aluminum housing with highly efficient PC Opal diffuser
- · Mid Power SMD LEDs mounted on MCPCB
- 60% energy saving Vis a Vis conventional down light
- Over current, over voltage & short circuit protection
- Integrated constant current driver with 2.5KV Surge Protection
- Driver efficiency > 85%, full load THDi < 15%
- Operating voltage range 100 277Vac
- Working ambient temperature -10°C ~ + 45°C
- Average Light Source Life (L70B50) 50,000Hrs
- · High intensity of illumination with view angle 120°
- Excellent glare control, UGR < 20
- Instant start, flicker free operation
- · Environment friendly, without mercury
- No harmful UV & IR radiation

COB Down Light

Recess mounting circular COB LED downlight with die-cast aluminium housing in white powder coating finish, specially designed heat sink, anti glare diffuser and separate energy efficient electronic driver

Also available in 24° and 60° beam angles

Angle	Ra	IP
60°	80	20

- Die cast Aluminum housing with highly efficient clear PC diffuser
- Highly efficient COB LED mounted on extruded Aluminum heat sink
- 60% energy saving Vis a Vis conventional down light
- Over current, over voltage & short circuit protection
- External constant current driver solution with 2.5KV Surge Protection
- Driver efficiency > 85%, full load THDi < 15%
- Operating voltage range 100 277Vac
- Working ambient temperature -10°C ~ + 45°C
- Average Light Source Life (L70B50) 50,000Hrs
- High intensity of illumination with view angle 45°& 60°
- Anti-glare COB technology, UGR < 20

SMART Wireless Home / Office Automation Solution

Our smart wireless automation range has been created to make home or office automation simple, adaptable and easy to manage.

This solution provides complete energy efficiency along with security, convenience and control.

Once the system is installed a user can configure their entire automation system via an app. Once the configuration is complete, users can take complete control of their lighting, HVAC, security, blinds/curtains, music and a host of other devices and systems.
